---

## SUMMARY

Web Developer with 1.5+ years of experience building scalable, high-performance web applications using Angular, React, and .NET Core. Proficient in developing responsive UIs, RESTful APIs, and applying clean architecture principles. Passionate about modern UI/UX design, efficient backend logic, and full-stack development. Collaborative, deadline-driven, and always eager to learn new technologies.

---

## WORK EXPERIENCE

### Angular & .NET Developer

*AxcessRent (Freelance) – 2025–Present*

- Building UI and logic using Angular
